

# BASIC & ADVANCED EROSION CONTROL PRACTICES FOR CONTRACTORS NEEDING DEP EROSION CONTROL CERTIFICATION

Tuesday, October 1st, 2019 – Acton  
Registration Fee: \$25

Most municipalities are now requiring contractors working in the Shoreland Zone to be certified if they are involved with soil disturbance activity, making certification a pre-requisite if you are doing excavation work in the state. For contractors who are looking to obtain DEP certification in erosion control practices, this required program in Basic and Advanced Erosion and Sediment Control practices will be offered in Acton. This is also open to those wanting to understand Erosion & Sediment control for residential properties and gravel roads or just how erosion can affect water quality in our lakes.

Check the Maine DEP website at <https://www.maine.gov/dep/training/npstrc-schedule.html> for additional course offerings.

### AGENDA

8:00 – 8:30	Registration
8:30 – 12:00	Morning Presentations
12:00 – 1:00	Lunch will be provided
1:00 – 4:30	Afternoon Presentations
